

# How to Install ContactPlus Wowonder Addon

Welcome to the ContactPlus installation guide! ContactPlus is a dynamic contact form solution designed to enhance user communication on your website, enabling seamless integration with department-specific email options, user-friendly fields, and anti-spam features. In this guide, we will walk you through each step of the installation process, ensuring you're able to set up ContactPlus quickly and easily. This tutorial will help you configure everything from database setup to custom settings, so you can start managing user inquiries more effectively right away. Let's get started!

Before you start, please backup your files, uploading this will overwrite the following files

in case you lose this installation file, this tutorial is also online here in this link

[howto.scriptstribе.com](http://howto.scriptstribе.com)

if you need help or have suggestions please visit the support [forum here](#)

/themes/yourtheme/layout/contact/content.phtml

xhr/contact\_us.php

## Step 1: Upload your files

---

**Unzip the file and upload it to your wowonder root following the folder structure.**

 admin-panel	11
 assets	11
 themes	11
 xhr	11
 install-contactplus.php	11

## Step 2: Run the installation file

---

This step will install the department tables Contact info Tables and Languages

Visit [yousite.com/install-contactplus.php](https://yousite.com/install-contactplus.php) and click the green button (See the picture below)

## ContactPlus Installation

Click the button below to confirm the installation of ContactPlus tables and language strings so you don't need to do it manually.

Start Installation

### Step 3: This will add the admin menu and pages

---

#### Open admin-panel/autoload.php

and look for

```
$pages = array(
```

at the very end or very beginning add:

```
//Contact Plus Start
'contactplus',
'add-department',
'save_contactplus_settings',
'save_department_emails',
'delete_department',
//Contact Plus End
```

It should look just Like in this picture (Click on the image to expand)

```

116     'manage-orders',
117     'manage-reviews',
118     'website_mode',
119     'user_reports',
120     'edit-forum',
121     'edit-section',
122     'cronjob_settings',
123     'system_status',
124     "upload-to-storage",
125     "ai-settings",
126     "manage-content-monetization",
127     'add-help-post',
128     'add-help-category',
129
130     'manage-help-post',
131     'manage-help-category',
132
133     'insert-help-post',
134     'insert-help-category',
135     'update-help-category',
136     'email-security',
137     'update-help-post',
138     'insert-update-help-post',
139     'helpcenter-settings',
140     //Contact Plus Start
141     'contactplus',
142     'add-department',
143     'save_contactplus_settings',
144     'save_department_emails',
145     'delete_department',
146     //Contact Plus End
147
148

```

on the same file look for (see the picture below)

```

<a href="#">
<span class="nav-link-icon">
<i class="material-icons">view_agenda</i>
</span>
<span>Manage Features</span>
</a>

```

and add this code before it:

```

<!-- ./ ContentPlus Start -->
<a href="#"><span class="nav-link-icon"><i class="material-icons">contact_mail</i></span>
<span>ContactPlus Settings</span></a>
<?php if ($is_admin || ($is_moderoter && $wo['user']['permission']['site-settings'] == 1)) { ?>
<ul class="ml-menu">
<li><a <?php echo ($page == 'contactplus') ? 'class="active"' : ''; ?> href="<?php echo
Wo_LoadAdminLinkSettings('contactplus'); ?>" data-ajax="?path=contactplus">ContactPlus Settings</a></li>
<li><a <?php echo ($page == 'add-department') ? 'class="active"' : ''; ?> href="<?php echo
Wo_LoadAdminLinkSettings('add-department'); ?>" data-ajax="?path=add-department">Add Contact
Departament</a></li> <?php } ?></ul>
<!-- ./ ContentPlus End -->

```

```

791 <!-- ./ ContentPlus Start -->
792 <a href="#"><span class="nav-link-icon"><i class="material-icons">contact_mail</i></span>
793 <span>ContactPlus Settings</span></a>
794 <?php if ($is_admin || ($is_moderoter && $wo['user']['permission']['site-settings'] == 1)) { ?>
795 <ul class="ml-menu">
796 <li><a <?php echo ($page == 'contactplus') ? 'class="active"' : ''; ?> href="#">?php echo Wo_LoadAdminLinkSettings('contactplus'); ?>" data-
797 ajax="?path=contactplus">ContactPlus Settings</a></li>
798 <li><a <?php echo ($page == 'add-department') ? 'class="active"' : ''; ?> href="#">?php echo Wo_LoadAdminLinkSettings('add-department'); ?>"
799 data-ajax="?path=add-department">Add Contact Departament</a></li> <?php } ?></ul>
800 <!-- ./ ContentPlus End -->
801
802 <a href="#"><span class="nav-link-icon">
803 <i class="material-icons">view_agenda</i>
804 </span>
805 <span>Manage Features</span>
806 </a>
807
808 <ul class="ml-menu">
809 <li>
810 <a <?php echo ($page == 'site-features') ? 'class="active"' : ''; ?> href="#">?php echo

```
